

### Key concepts

- All music has a structure.
- A piece of music will have a varying number of layers, known as texture.
- The body can be used to make percussion sounds.
- Body percussion sounds include: rubbing hands, clicking, tapping legs, stamping feet.
- All music has a rhythm.
- Tempo, pitch and dynamics are widely-used musical terms.
- Music is recorded using symbols.
- Sounds and music can be used to represent an environment, e.g. rainforest.
- A piece of music often includes a 'repeated melody' or 'loop'.
- A piece of music might include 'stepwise movements'.
- Instruments can be described as 'tuned' and 'untuned'.
- Elements of music are learned using aural memory.

### Things to do at home: Stepwise Movement

#### Pop Music

There are many pop songs that include the use of stepwise movements:

**Eleanor Rigby** by The Beatles  
**When I'm Sixty-Four** by The Beatles  
**Bridge over Troubled Water** by Simon and Garfunkel

Listen to these songs and see if you can spot the movement between neighbouring notes.

#### Disney

Even some Disney songs include stepwise movements:

**'Aerial's Theme'**  
 from The Little Mermaid

**'Out There'** from  
 The Hunchback of Notre Dame

### Key Vocabulary
