

Year Five

Recently, Year 5 enjoyed a fun-filled afternoon with Mr Hanif who was kind enough to share his science knowledge and experience with us. We particularly enjoyed the chromatography activity where we separated the colours from felt tip pens using filter paper and water.

We also had a visit from a Water Aid volunteer who told us about his experience setting up a water pump in Rwanda and the importance of clean drinking water. Thank you for your contributions to our non-uniform day to raise money for Water Aid. In English, the children wrote persuasive speeches to convince other local head teachers to organise a similar event for Water Aid.

Year 5 are looking forward to their trip to the Chiltern Open Air Museum on Thursday 13th June,

We will be continuing to have two sessions of PE. This half term, we will be honing our athletics skills as well as playing rounders. Please ensure your child has their PE kits on Mondays and Thursdays (5G and half of 5Y) / Fridays (5R and half of 5Y).

May we remind parents that all children are expected to complete their Maths Challenge work every night and read every night. Once these have been done and checked, their purple record books need to be signed by an adult.

Miss Rogers, Mrs Yates, Mrs Gill
