

Key Stage 1

We are looking forward to welcoming all the children back to school on Monday 8th March.

The children have worked so hard completing the work set at home. It has been lovely to see all the work that you have been sending to the teachers.

Year 1

The children completed some lovely work as part of the wider curriculum. They learned about the seasons in their science lessons and found out about Florence Nightingale and Mary Seacole in their History lessons. The children also completed some lovely artwork based on Pointillism.

Seasonal clothes

Nurse poster

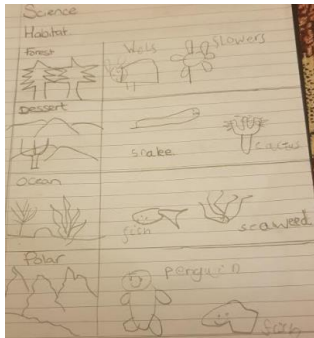

Landscape painting

When the children return they will be taught the key skills in Reading, Writing and Maths and take part in weekly PE, Metacognition and Learning For Life lessons.

As part of the wider curriculum the children will be learning about where different animals live in their science lessons and be taking part in music lessons. The children will also be finding out about special places in Christianity and Judaism during their RE lessons.

Year 2

The children have been working very hard and we have been very impressed by the work they have completed. They have been learning about animals and their habitats in science and have found out about the history of Booker Airfield in their history lessons. The children have been very creative and produced some lovely artwork as well as finding out about the artist Henri Rousseau.

Habitats

Flower artwork

Tiger Moth Diagram

When the children return they will be taught the key skills in Reading, Writing and Maths and take part in weekly PE, Metacognition and Learning For Life lessons.

As part of the wider curriculum the children will be learning about animals including humans in their science lessons and be taking part in music lessons. The children will be finding out about special places in Christianity and Buddhism during their RE lessons.

Please support your child to complete their Reading and Maths challenges each week, remembering to sign your child's book every day! Your child will be able to change their reading book when they can demonstrate that they understand what they have read. Your child will also have spellings to learn each week.

In the next few weeks we will also be providing the maths challenge homework on Google Classroom. We will be showing the children how to access this in school but the children will need support from you to complete the work at home.
