

Key Stage 1

Welcome back for the final half term. The children in Key Stage 1 worked very hard last half term. As the weather is getting warmer, the children can bring in water bottles to have in the classroom. They need to have a sports cap and only contain water.

Homework

A huge well done to all the children who are completing the daily Maths homework on Google Classroom. It is clear that the children are enjoying using Google Classroom and are becoming more confident. Please continue to support your child completing the homework set. Please read with your child every night and don't forget to sign your child's book. Your child will continue to have spellings to learn each week.

Year 1

Last half term the children enjoyed their topic 'Feet, paws and claws' and found out all about the different animal groups in their science lessons. They also learned about road safety and recycling during Learning For Life.

This half term the children will be taught the key skills in Reading, Writing and Maths and take part in weekly PE, Metacognition and Learning For Life lessons. As part of the wider curriculum the children will be learning about plants in Science, investigating weather patterns in Geography and creating seaside snacks in DT.

Year 2

Last half term the children enjoyed their topic 'How does your garden grow?' They learned about plants during their science lessons and enjoyed planting seeds. As part of the Learning For Life the children were challenged to work together to create a garden area on the KS1 playground. The children chose the flowers and plants they wanted, planted them and will continue to look after the garden.

This half term the children will be taught the key skills in Reading, Writing and Maths and take part in weekly PE, Metacognition and Learning For Life lessons. As part of the wider curriculum the children will be learning about habitats in Science. They will compare the habitats of Africa and Antarctica. The children will also be comparing Antarctica and High Wycombe as part of their Geography lessons. In DT the children will be cooking and creating picnic foods.

Trips

This half term we are hoping to take the Year 1 children to Cliveden to explore the gardens and woodlands. The cost of the trip is £10. Please pay using Parent Pay by Monday 21st June.

We are also hoping to take the Year 2 children to Whipsnade Zoo so they can see the animals they will be learning about in their Science lessons. The cost of the trip is £15. Please pay using Parent Pay by Thursday 8th July.

Although the payment for the trips is voluntary, if the school does not receive enough money, the trips will have to be cancelled.
